UNWIND!

IN

June 28 and 29, 1969 will mark the return of the NOW Convention to "Capital City," Madison, Wisconsin. Those among us who had the pleasure of attending the 1964 show at the Park Motor Inn remember a fine, well run show, with more than the usual offering of top notch displays, dealer offerings, and pleasant companionship.

The Park Motor Inn (with swimming pool) is located right down town, in the midst of restaurants, fine stores for shopping as well as entertainment centers.

Plenty of parking is available, with the Dane County parking ramp a short half block away, as well as inside parking available at the Park Inn.

The show itself again promises to draw record crowds to this hub city of Wisconsin numismatics. General Chairman is Ron Calkins of Mazomanie, Assistant Chairman is Michael Arra, Bourse Chairman is Don Clark, P.O. Box 3096, Madison, and the Exhibit Chairman is Peter Phillips, 3329 Wells Ave., Madison 53714.

Make June 28 and 29 the calender dates when you renew old numismatic acquaintances, treat yourself to the very finest in exhibits and relax in air conditioned comfort while pursuing the world's finest hobby!

FOUR N.O.W. BOARD MEMBERS TO BE ELECTED

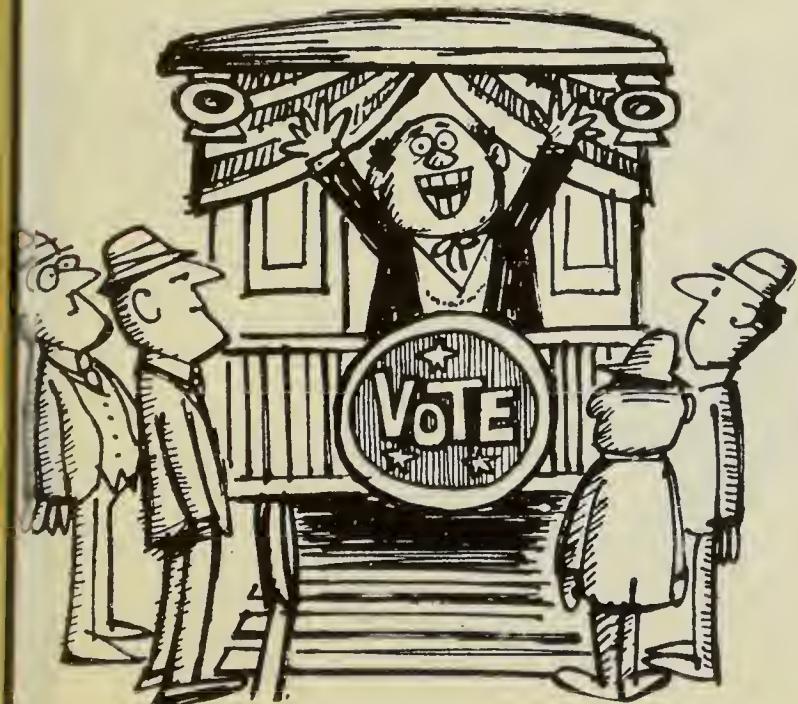

Each year a number of dedicated numismatists are asked to serve the state of Wisconsin collecting fraternity through service as members of the N.O.W. board of governors. These men are asked to contribute a great deal of their valuable time, and travel many miles to perform the behind the scenes duties that contribute to making our hobby great.

These six 1969 nominees, all well known Wisconsin collectors, have been nominated to fill four available Board of Governors offices.

Nominated are:

Richard "Dick" Anderson, Menasha, Wisconsin
Wayne Binder, Beaver Dam, Wisconsin
Donald Gill, Madison, Wisconsin
James "Jim" Medd, Green Bay, Wisconsin
Larry Miller, Racine, Wisconsin
William "Bill" Spencer, Racine, Wisconsin

Support the candidates of your choice, cast your ballot as soon as possible, then come to Madison and shake the hand of your "Man in N.O.W." on June 28th and 29th!

SOMETHING NEW
HAS BEEN ADDED?

Illustrants at the big N.O.W. show in Madison this year may note that "something" has happened to the old familiar "Badger N.O.W. medal." Seems that the original dies used to like the annual medal in the past developed age symptoms in the form of large cracks and had to be replaced for this year's Madison Wikings.

ail expert Gal Highsmith, a member of the N.O.W. Board of Governors, slightly altered dies (reducing the relief) to increase longevity of the die.

contest to create a new design to replace familiar "Badger" drew a number of excellent entries but sentiment prevailed and the Board of Governors retained the current pattern.

LATE N.O.W. SECRETARY

Exhibitors showing displays at the Park Motor Inn on June 28th and 29th will be competing for a new exhibitors trophy, the N.O.W. sponsored "Delores Stratton Memorial Award." The handsome black wooden plaque will be given to the most educational exhibit on display.

Special permission has been granted by the U.S. Mint to allow their chief engraver, Frank Gasparro, to design the medal for the American Numismatic Association's 78th Anniversary Convention, it was announced by the ANA Board of Governors at a recent meeting.

Gasparro's design has been accepted and Medalllic Art Company commissioned to strike the medal. It is the first time that a U.S. Mint employee has been given permission to design a medal for a private concern. A.N.A. CLUB BULLETIN
SHOWS N.O.W. PINS

The April issue of the American Numismatic Association club bulletin pictures and tells the story of how N.O.W. successfully solicited \$250.00 for the A.N.A. headquarters' drive. The solicitations were made in 1966 and 1967 and turned out to be quite a conversation item at a number of local one-day shows during these years. The two drives illustrated just how much pride in our hobby the local collector has, whether or not he agrees with the policies of the national organization.

MILITARY PAYMENT CERTIFICATES

Collecting MPC's is much more of a challenge than many other United States paper money series, because factors tend to make them much scarcer. For instance, though the total printing may be known, the number lost or unredeemed is not known. As expected, the higher denominations are the rarest to locate, mainly due to the fact that most service men could not afford to hold them as souvenirs. Also, lesser numbers of them were printed.

The military payment certificate system, as a whole, has proven very satisfactory over the 20 years-plus it has been used. The notes have had a big effect on black market operations and counterfeiting, tending to thwart illicit money changing.

To the present, there have been nine different series issued to control counterfeiting and black market operations. Although a deadline is set before changing to a new series, no advance notice is given. It is treated as top secret. In fact, when the deadline is at hand, all military personnel are restricted to their bases, so that word of the changeover cannot leak out to unauthorized holders of the old series, giving them time to cash in their holdings.

After the deadline has passed, the outgoing notes are not accepted as legal tender, nor are they redeemable for other notes, except in certain exceptional circumstances. All of the outgoing stock is accumulated and burned under supervision of the chief of finance.

Until shortly after World War II, military personnel overseas were paid in foreign currencies and permitted to convert such currencies back into U.S. dollars through the facilities of military disbursing officers. As a result, personnel converted into U.S. dollars considerable sums of foreign currencies which had not been paid to them originally. The military thus accumulated foreign currencies in excess of amounts paid out.

By the time you have money
to burn you have lost the spark.
